PATENT

REMARKS/ARGUMENTS

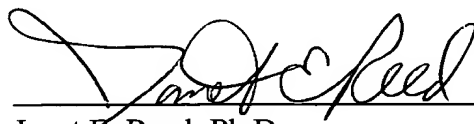

A reply to the December 19, 2003 Official Action was filed on March 17, 2004. The reply was accompanied by two Terminal Disclaimers, one pertaining to U.S. Patent No. 6,071,742, and the other pertaining to U.S. Patent No. 6,323,024. After filing the March 17, 2004 reply, Applicants noticed a typographical error in the Terminal Disclaimer pertaining to U.S. Patent No. 6,071,742, namely, the patent number was incorrectly entered as 6,017,742. In this supplemental reply, Applicants submit herewith a corrected Terminal Disclaimer pertaining to U.S. Patent No. 6,071,742, and ask the examiner to discard the earlier-submitted Terminal Disclaimer and replace it with the one submitted herewith.

No fee is believed to be due in connection with the filing of this paper. However, in the event a fee is due, the Commissioner is authorized to charge the deposit account of Applicants' undersigned attorney, Account No. 23-3050.

It is believed that the present application is now in condition for allowance. Applicants request early and favorable reconsideration and withdrawal of the rejections set forth in the December 19, 2003 Official Action, and allowance of this application.

Respectfully submitted,

Date: April 16, 2004
